EXECUTIVE SUMMARY

Alhamdulillah 2021 was an exceptional and outstanding year for Goreeb and Yateem as our annual income exceeds £1m for the first time in history despite national and international restriction and lockdowns due to the Covid-19 pandemic.

With the generous support and contribution of our donors we have so far distributed £3.6m worth of aid since our establishment in 2007.

In 2021 we managed to build 23 masjids, 110 houses, 700 water wells and distributed 2,880 family foodpacks, 1,100 winter blankets, 1,000 qurbani units and 215 wheelchairs. On top of these projects, we have also provided education, healthcare and economic empowerment programmes.

Alhamdulillah thousands of poor people and families are continuously benefitting from our projects and programmes and this is all possible due to the infinite mercy of Allah (swt) and your contributions.

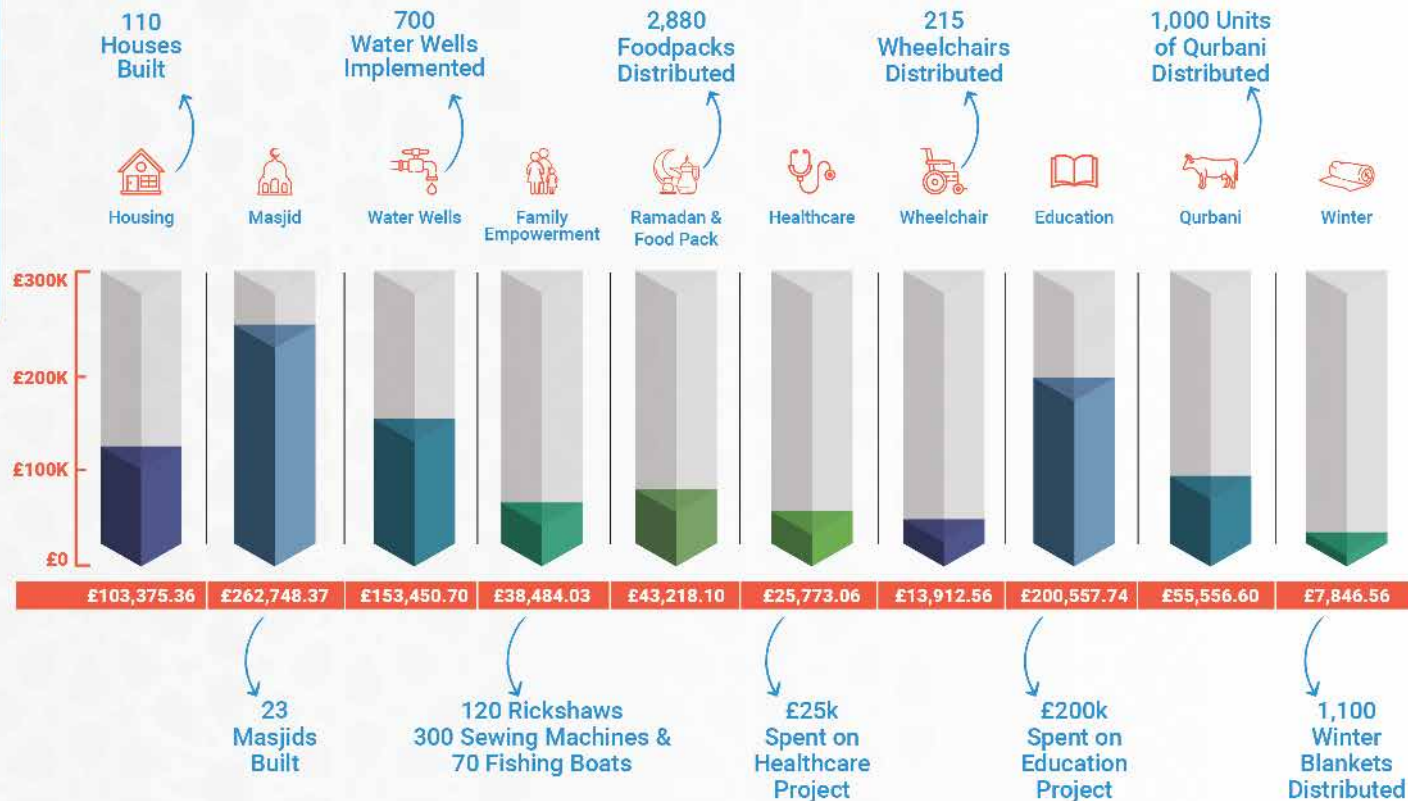

Please read our booklet enclosed and carry on supporting us in the month and years to come as people in Bangladesh need our support more than ever before.

We hope and pray that you have a blessed and joyous Ramadan 2022 with your family and loved ones.

IN 2021 WE SPENT OVER £900K IN BANGLADESH ACROSS OUR VARIOUS PROJECTS

HOUSING PROJECT

Housing is an essential need and priority, for everyone. Providing a permanent shelter for a family is life changing. Housing project for poor and needy people is one of our main flagship projects and in 2021 we have built over 100 houses. So far from 2007 till now we have built over 550 houses.

Sura Nahl, Verse 80

We were living in a dilapidated house, which had leaks and was made of straws and corrugated tin. It was really bad, especially in the rainy season. It only thanks GYTF that we now live in a solid house with a solid roof, meaning we no longer have to fear the weather and can sleep in peace. May Allah reward the donors of GYTF and bless them with more peace and happiness.

MASJID PROJECT

The construction of a Masjid comes with enormous reward in Islam as Masjids are the heart and focal point of the Muslim community where they pray to their Lord, supplicate to him and meet their fellow Muslims. In 2021 we have built 23 Masjids and so far we have constructed 50 Masjids. Insha'Allah we want to construct more Masjids with your help and support.

Surah 9:18

We as a community could not perform our prayers in a built Masjid. We just about managed to construct a house with straws, some clay, and bamboo. It was always our dream to have a Masjid in the shape of a Masjid. Alhamdulillah, with Allah's mercy we now have a Masjid, which looks like a Masjid, and we perform our daily prayers. May Allah reward all those who donated to this Masjid.

WATER PROJECT

Water is one of the most valuable gift from Allah to his creation as it is paramount to our survival. Unfortunately millions of people around the world have difficulty in accessing clean water. We have been helping poor people get access to clean and drinkable water since 2007. In 2021 we have managed to install around 700 water wells and so far from 2007 till now we have installed over 1,750 water wells in different parts of Bangladesh.

GYTF installed this water well and has transformed our lives because we now have water close by and no longer need to travel a distance. Only Allah can reward those who donated for this water well.

FAMILY EMPOWERMENT

Our Family Empowerment project aims to provide families with the knowledge and tools so that they can build nurturing and safe homes for their family. Providing them their own tools has helped them earn their own livelihood and save the cost they would incur if they were to rent or lease the item. Alhamdulillah since the start of this project we have managed to distribute over 350 rickshaws, 860 sewing machines and over 180 fishing boats.

I had nothing much to do, and being a female I couldn't work anywhere due to cultural reasons, but since I have a sewing machine, I am now able to work and earn a living without depending on handouts. I feel very confident and my mind is very positive now that I am being active and using my skills to earn a living. I thank GYTF that they think of these types of projects.

RAMADAN FOOD PACK

Our Ramadan and Family Foodpack project has been able to help hundreds of the poorest families across Bangladesh. This is increasingly important during the month of Ramadan when without them thousands will not be able to fulfil their religious obligation. In 2021 alone we were able to distribute over 2,880 Ramadan and Family Foodpacks but with your help we will be able to reach even more people who need it the most.

We pray Allah makes everything easy for them and that GYTF continues to care for us.

WINTER PROJECT

For millions of families in need, winter is the harshest time of year, signaling a struggle for survival against extreme temperatures and bitter cold. This is the case in Bangladesh as those in need face poor living conditions and do not have the luxury of adequate heating.

Use wool as your under-clothing and outer-clothing, because the cold is an enemy that enters quickly but leaves slowly.”
